Unique sports league for uniquely challenged athletes.

L.O.T.O., INC. “LEAGUE OF THEIR OWN”
“Building character, friendship, sportsmanship, physical agility, life skills and a life time of memories in the unique athlete.”

SPORTS

Purpose: The purpose of LOTO is to create a unique sports league for unique athletes with mild to moderate disabilities. So athletes can be active regularly and utilize their talent.

Mission: To have an active and productive sports league with teams for unique athletes with disabilities to compete in friendly games and tournaments.

Brief History

LOTO, Inc. "League of Their Own" was destiny. The non-profit organization 501(3)© was formulated in God's timing. The need was obvious, then there was a vision and now is the time to put a plan in action. After working in the public school system at Bartlett Middle School now The STEM Academy in the Pace program with children with Autism I've ENCOUNTERED a few brilliant, UNIQUE, athletic, talented students that just wanted to be a part of something. Year after year, month after month, and day after day students and parents alike have nothing to do or can't find anything to do. After five and a half years of the same thing the children were getting restless. In 2015 one brave, daring, unique athlete who lives for basketball with little game says, "Coach Jones will you find me a team or can you make me a team. For him and every kid like him "LOTO, Inc." will create a League of Their Own. Building character, sportsmanship, life skills, friendship and physical agility with a life time of memories.

No more 30 seconds of Fame.. on television that stops here with a League of Their Own, (L.O.T.O., Inc.) year round sports for the unique athletes.
